Let's face it, strategic planning is *not* one of the core classes in most seminary tracks. You have the skills for teaching, preaching and pastoral ministry, but it feels as if your ministry has derailed somewhere along the way and you're not sure what to do next. *This workshop will focus on giving you the tools you need to get back on track.*

The information offered will be practical and because the group is limited to the first 30 to register, there will be an opportunity to work with your church scenario in the exercises, allowing for real-time guidance and input.

- ◆ Understand the steps to an effective strategic plan for your church.
- ◆ Understand how to implement change in a way that produces results.
- ◆ Earn .5 CEU
- ◆ Lunch provided
- ◆ Planning Workbook

Getting Your Ministry on Track

Upchurch Consulting Group, 4179 N. 580 W., Huntington, IN 46750

Everyone seems to be talking about Strategic Planning, probably because the need to plan strategically toward fulfilling a mission is often lacking. Even in those churches where there is a clear mission statement, the unique vision of that congregation is often unfulfilled because of uncertainty about *how* to proceed. This workshop will focus on:

- Values
- Vision
- Strategic Initiatives
- Change & Change Strategies
- Kick-start strategies
- Plan Modification

As part of the workshop there will be opportunity to work on ideas for your own congregation with peer input. You will come away from the day with a better understanding how to construct and implement a strategic plan for your congregation.

Upchurch Consulting Group is committed to assisting the local church through mission discovery, leadership development, and strategic planning. Call 740-412-3808 if you would like information about other workshops or discuss a one-on-one consultation.
